ANIKET RATHOD

Dharashiv, Maharashtra | aniketmrathod3636@gmail.com | +91-9130223888 | Github | LinkedIn

PROFILE

I'm a Computer Engineering graduate with hands-on experience in developing web applications. Along with my technical background, I have good communication skills, adaptability and a genuine interst in learning and contributing to diverse roles.

EDUCATION

- Bachelor of Engineering   Dr. D. Y. Patil College of Engineering & Innovation, Talegaon, Pune   2025 | CGPA-8.30
- Diploma in IT   Government Polytechnic, Solapur   2022 | 81.75%
- SSC (10th)   Chatrapati Shivaji Maharaj High School, Dharashiv   2019 | 74.80%

SKILLS

- C
- C++
- Java
- SQL
- HTML/CSS
- Bootstrap
- JavaScript
- React
- Spring Boot
- Spring Security
- JSP
- Servlets
- Thymeleaf
- Hibernate (JPA)
- Git/GitHub
- OOP
- Data Structure
- DBMS
- Computer Networking
- Agile Development
- Postmen
- Vercel
- Railways

INTERNSHIPS

- **Java Fullstack Training | *Archer InfoTech, Pune***   Aug/2024–Sept/2025
  Gained hands-on Built enterprise applications using Spring Boot, JSP, Thymeleaf, REST APIs and MySQL, Implemented authentication and authorization using spring Security, Worked on MVC-bases Applications, debugging, and optimizing code for better performance.

- **Web Development** / *Elite Software's, Pune*   Dec/2023-Feb/2024
  Gained hands-on Experience on Django Framework with Python for developing a web portal. Used various Boilerplate theme templates for the frontend and SQLite for database, while improving intermediate skills and teamwork experience.

- **Industrial Training** / *Sumago InfoTecch, Nashik*   Aug/2021-Sept/2021
  Gained hands-on knowledge of web development by creating projects using HTML, CSS, Bootstrap, PHP and MySQL, while getting close exposure to agile development practices during the training phase.

PROJECTS

- **E-Commerce Shop | *Spring Boot, Spring Security, MySQL, REST APIs, Razorpay, React***
  Gained hands-on Built an online shop with admin CRUD features, product management, secure checkout via Razorpay, and order tracking.

- **To-Do List Web App** / *Spring Boot, MySQL, React*
  Designed a full-stack task manager with filters, due dates, and custom UI

- **Library Management System** / *Java Servlets, MySQL, Apache Tomcat, Thymeleaf*
  Created a library web app where users can borrow/return books, and librarians manage catalogs with real-time updates.

- **Online Feedback System** / *Java Servlets, MySQL, Apache Tomcat, JSP*
  Developed a platform for student feedback collection and admin analysis, including question management

CERTIFICATIONS & ACHIEVEMENTS

- Participated in state & regional technical events, showcasing programming and teamwork.
- Certified in MS-CIT & GCC-TBC English typing (30 W.P.M).
- Published a research paper on "Career Vision: AI & ML Experience for Immersive Education Field exploration".
- Earned the Oracle Data platform Foundations Associate (2025) certification, strengthening data & cloud fundamentals.
- Contributed to event planning & cultural activities while actively participating in social initiatives and college fests.
